1991 Salesian

851 Orange Street Macon, Georgia 31210 1990-1991 Volume 36

The 1991 Salesian cover is a photograph of the Chapel mural.

"The yellow sun in the center of the banner represents Christ, the true light of the world. This sun is deliberately centralized and large. It's light spreads out to illumine the earth and to bring it life. The colors of the mountains and earth reflected are soft, and soothing. There is a calm, peaceful feeling as one ponders them.

This light has come out of darkness. The dark surrounding colors help one experience the sense that Christ brought us out of darkness into His light. There are degrees of darkness represented by the various dark colors. The stars represent us as we work our way into full participation with the true light."

Sister Mary Rosina, R.S.M.

The mural was painted by Sister Mary Jacque Benner, R.S.M. and was photographed by Mrs. Judy Van Doorn. The artwork to the right was drawn by Nigel Pierce and is representative of this years' theme, "A Stronger Flame is Burning."

The Spark That Lit the Flame ...

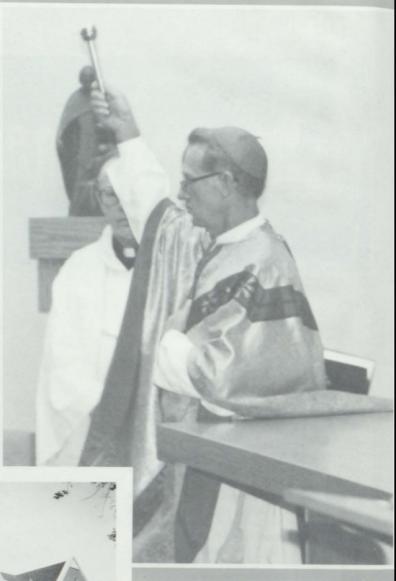

What really started it all was the opening of our long awaited New Building. What was once the football team's practice field had become one of the most beautiful buildings in downtown Macon. In its center was the chapel where friends and faculty celebrated mass on a sweltering August day. Despite the heat, students and their families joined the faculty for the dedication ceremonies, that afternoon.

A flame was lit that day, not only in the chapel but in the student body as well. There is a new spirit at Mt de Sales this year, and like the candle that will burn eternally, we can only hope that these new-found bonds of unity and school spirit are never extinguished.

To bless the new building, Bishop Lessard sprinkles holy water in the chapel.

Where our athletic teams once practiced, now stands a beautiful new addition to Orange Street. Student Body President, Shayne Myhand addresses family and friends at the dedication ceremony, as Sister Rosina and Father Cuddy look on.

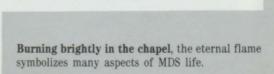

At the dedication mass in the new chapel, junior, Lee Hyer serves as an altar boy.

The long awaited moment . . . Dr. Norman Smith, Sister Mary Rosina, R.S.M., Sister Angela Marie Ebberwein, R.S.M. and Bishop Lessard, cut the ribbon and invite the MDS family to take the grand tour.

In this solemn moment, Coach Tony Pierce receives the Holy Eucharist from Bishop Lessard.

Duane Goodwin and Tarcia Tripp look forward to another day of school.

These students actually seem to be enjoying everyone's favorite orange juice.

. . is Shining in our Eyes.

We knew there was something different, but we couldn't put our finger on it. As the '90-'91 Salesian Staff met for the first few times much thought was put into this year's theme. Finally, Nigel Pierce put everyone's feelings into words: "A Stronger Flame is Burning . . ."

Throughout the year we have noticed more people at sporting events, larger numbers in clubs, and more class unity. As the year progressed and we focused on graduation and beyond, it was nice to look around and see Mount de Sales at what may have been its best.

This year has brought many experiences. Seniors wrote term papers, Juniors enjoyed the cheerful Claxton Experience, Sophomores got their licenses, Freshman became "high schoolers", and Middle Schoolers enjoyed having Saint Joseph's Hall all to themselves.

We have just one question . . . Where do we go from here?

Day to Day to Day to

"I'll smile, but whatever you do, don't put this picture in the yearbook!"

What is life at Mount de Sales like? Is today a regular schedule?

Of course not! It's not the fifth Thursday of an odd numbered month. Today is alternate 27.

Oh. I should have known. Homework.

Well, in English we have to read 270 to 300. Where is your brain?

I think my Contemporary America homework fried it last night.

Plus don't forget about the 20 algebra problems, the chemistry lab, and the two essays due by Friday. Lunch.

How was the mystery meat today? I don't know. After I bought my lunch I only had time to eat my Twix. Then I heard some senior say how great her lunch was at the Bear's Den.

It figures. Seniors get EVERY-THING.

Parking.

Where are you parked?

Go out by the gym. Walk three blocks then hang a left and go four more blocks.

Oh. You got to park close today!

Student Council

Fragile: Handle with Care — Robbie Kimsey looks on warily as the nurse prepares t_0 draw blood.

Students often find that their opinions are lost in the demands of the administration. At Mount de Sales, however, members of the student body are given a chance to voice their opinions on school issues that will affect them.

Students are encouraged to go to their student council officers whenever they have suggestions. Instead of functioning in an environment where decisions are made solely by adults, students at Mount de Sales actually have a say-so in many of the events of their high school career.

Fun Night and flying sparks.

Keith Hatcher and Chris Allen are pulling out all the stops in their tug-of-war.

Fun Night 1991 lived up to its name once again. The classes really showed their spirit in the form of yelling, screaming and taunting other classes (especially the Seniors and the Freshmen). The class of 1992 triumphed for the third year in a row and took the Fun Night title, but the real competition was between the Seniors and the Freshmen. The tug-of-war, which the senior guys won for the fourth year, finally propelled the Senior class into an impresive third place, leaving the Freshmen in fourth until next year.

Fun, Sun & Games ...

What did "everybody" do this year for Easter Vacation? Well, for those people who stayed in Macon, GA and surrounding vicinities, the top spots were their backyard sandboxes and Lake Tobesofkee. For those, however, who ventured to the outside, here are some "usual" places and some "unusual" places to spend your vacation: Marla Beck, Alison McPherson, and Rita Smith went to Hilton Head, S.C., while Alicia Bell stayed nearer town and hit Six Flags Over Georgia with her boyfriend. Ben and Susan Wills, Meg Jackson and Rick Sizemore flew across the Carribean Sea to Jamaica with a mission group. Sophomore Trey Gavin enjoyed a week in Panama City while Mark Beiker relaxed at Al Faulk's aunt's pond fishing. Freshman Susannah Hughes sat at home and wished that she was with Melanie Koch at Daytona with MTV and Gerardo.

While everyone did something different, the answers were all the same — it was definitely a BREAK and, according to all of the tan faces, it was a wonderful success.

At Our Best and Brightest

A man of many voices — Greg Johnson takes his turn reading at the Candlelight Carol Service.

The fever is catching and rising fast! This year was a virtual collage of activities. From the annual Candlelight Carol service to the second annual beach party, students enjoyed a diverse activity schedule meant to take their minds off pressing problems and prospects of hours of homework, as well as provide them with new aspects and outlooks. Catholic Schools Week and Black History Week were particularly exciting times individuals grew "upward and outward" while the student body as a whole grew closer together. The results of all this "growing" are evident — school spirit is at a new high, thanks to the hard work of our entourage of activity planners, with special thanks, of course, going to those Rambunctious Rowdies.

Behind the Scenes

Ah, yes . . . the Prom! That very special evening of dancing and romancing was traditionally prepared by the junior class. "Enchantment Under the Sea" was a most appropriate theme for this year's prom, which was garnished with shimmery shells, mermaids, bubbles, a treasure chest with jewels, and oodles of paper-stuffed fish!

Through the hours of cutting, pasting, tracing date walls, stuffing fish, and constructing shells, the cheerful, laugh of jolly Mrs. Claxton could be heard, and the friendly smile of Mrs. Robbins was always helpful. There was the constant dry humor of none other than Mr. McLachlan. Perhaps even more entertaining, however, was the battle of wits between Mr. McLachlan and Mrs. Garvin, which ended in a tie.

After finishing, the prom scene was wonderful. On prom night, nobody noticed the streamer deformities, and the ceiling did not leak; thus, the night's phenomenal success was ensured.

- 1. "CATCH!" Drew Crawford tests the athletic skills of Cathy Halutick during prom preparation.

- 1. Deep-Sea beauties Kate Sheehan, Julie Melvin, and Joanna Amos create balloon magic for the Jr./Sr.

Some Enchanted Evening

Pearly clams, colorful coral, bright balloons, a decorative backdrop, and delicate streamers could all be found at this year's prom at Mount de Sales. Not only were the decorations outstandingly beautiful, but everyone who was there was undoubtedly looking their best.

The Junior-Senior prom is anxiously anticipated by students throughout America, for it is a special high school event full of lasting memories and good times. Even down to the last few seconds before you get ready to leave for the prom, there are always little last minute adjustments that must be made.

Not only are personal prom preparations hectic, but decorating itself can also be a real headache! This year, however, the juniors did a magnificent job at making this one of the best proms that Mount de Sales has ever seen!

"This has GOT to be the last picture! Nigel Pierce looks a little too ecstatic as he poses for yet another prom picture.

Passing the torch

Seniors . . . At last! Grinning broadly, the members of the class of 1992 assumed their roles as seniors on May 23, 1991. Following the awards ceremony for underclassmen, the traditional Moving-Up Day mass was held. Juniors participated in the mass, which they had planned, by reading selected scripture passages and the prayers of the faithful and presenting the gifts at the altar. After communion, each Junior received a blessing from Father Cuddy, and, thus, achieved that long-awaited position at the head of the school. Junior chorus members sang the class song From a Distance, a reminder of the peace, love, and world harmony for which we strive. Finally, Sister Rosina granted the new seniors their first privelege after the mass, and they were allowed to enjoy the remainder of the day away from school. Thus, once again, the countdown begins - Anne Claxton

- 1. Six Songsters Meg Jackson, Carol Ann Green, Jason Todd, Krista Malik, and Matt Able are commended for their chorus participation on Moving-Up Day.

The Friendly Things

Oh, it's just the little homely things, The unobtrusive, friendly things, The "won't-you-let-me-help-you" things That make our pathway light. The "laugh-with-me-it's-funny" things And it's the jolly, joking things, The "never-mind-the-trouble" things, That makes the world seem bright. For all the countless famous things, The wondrous record-breaking things, The "never-can-be-equaled" things, That all the papers cite. Are not human things, The "everyday encountered" things, The "just-because-I-like-you"things, That make us happy quite. So here's to all one little things, The "done-and-then-forgotten" things That make life worth one fight.

Here is where the road divides,
Here is where we realize
This sculpting of the Father's great design.
Through time you've been a friend to me
But time is now the enemy
I wish we didn't have to say goodbye.
But I know the road he chose for me
Is not the road he chose for you
So as we chase the dreams we're after . . .
Pray for me

That one day love will bring us back around Again . . .

Pray that we will keep the common ground

And I'll pray for you

With these lyrics from Michael W. Smith, we realize that as a class we're separating. We will now be traveling down different pathways and experiencing new challenges. Although these past years have gone by fast, they have provided each of us with many memories — memories of on-campus priveleges, off-campus privileges, special classes, triumphs and defeats, term papers, Junior/Senior, Candlelight Carol Services, Honors Days, Baccalaureate, and finally receiving our diplomas. We never thought that the end would come, but it has. As each of us goes out into "the new world," I hope the friendships and special moments will remain in each heart. As my goodbye, I hope everyone will remember

... Memories will be our souvenirs.

And I know that through it all

The hardest part of love is letting go.

But there's a greater love that holds us.

... So pray for me

And I'll pray for you . . .

A Stronger Appreciation

For Mount de Sales Academy, a special pride and appreciation is attributed to its chorus. For several years the chorus has communicated to the student body and faculty what we can honestly call an atmosphere of recognition — not just spiritual recognition, but recognition of those around us.

From Christmas music to literary competition, the MDS chorus adds that extra something to an academic year filled with all kinds of frontiers, goals, and expectations. The divisions of the MDS chorus — advanced ensemble, mixed ensemble, girls' ensemble and the new addition of handbells — work separately and collectively to keep the dimension of our school a strong, meaningful one.

If ever there was a dedicated, energetic, and talented director, MDS can proudly claim Mrs. Donna Washburn as one. Mrs. Washburn came to our school with hopes of bringing out the musical talents of many in a crowd of more than five hundred students; her hopes have become a reality year after year. The spirit of Mrs. Washburn is evident in the chorus'programs and welcomed by our faculty

and students.

With the chorus, MDS shares the sounds of diversity during Black History month, the mellowness of spring during the annual spring program, and the jingles and excitement of Christmas during the anxiously awaited Christmas concert. In all of this lies a special sense of our MDS family.

In its years of existence, the MDS chorus has been about dedication, creativity, fun, and expression. Having been in the chorus for four years, I hold with me a stronger appreciation for music, and I give a strong recommendation to the many talented students who are yet to become a part of this creative ensemble.

Lights, camera, action . . . the first ever Videovations team, formulated in the year 1990, brought to the student body a new and exciting outlook on the school year. Filled with expert filmakers, top-notch directors, and creative thinkers, this team captured both outstanding highlights and unforgettable memories and placed them all on film. A continuous candid, the videovations film itself brought simple photographs to life, and thus allowed viewers to remember their highschool years beyond a stationary picture.

A pilot program, videovations' first year of filmaking has been one big challenge. As with the Salesian, deadlines must be made, and crunchtimes must be overcome. New ideas and storylines are hard to come by, and the question of who or what to film is always a task. However, the video yearbook has brought to MDS an exciting atmosphere, and one of innovation and change. Definitely taking advantage of modern technology, Videovations is proud to present to the student body,

our first ever video yearbook.

Though the video yearbook is new and exciting, it was not created to serve as a replacement for the traditional yearbook. In fact, year after year, students and faculty have been challenged with the task of creating new and exciting volumes of MDS history. The Salesian is truly a work of art that comes about only through a joint effort. The members of the staff have come to realize that without each person contributing his or her part, the finished product will never be complete.

Although it has varied from year to year, the Salesian offers a chance for new and better ideas to formulate among the minds of seniors. However, the production of a year-book could not be possible without the help of well organized and "patient" supervisors and typists. Under the direction of Mrs. Tate, and newcomer Ms. Little, the chore of putting together a bound volume of memories has become significantly easier.

Completely enthralled, this Videovations team listens intensely to the masterful directions of Mrs. Timms.

How did Cheryl Williams rate her own "office" in the 2'x 3' closet on NB's second floor? Ask Mrs. Tate.

A SENSE OF CREATIVITY

One of the most evident ways that Mount de Sales is kept abreast of national, local, and campus news is through through the DeSales Despatch. Through the years, the Despatch has provided MDS with news hot off the presses — from topics of national interest to news of what makes our school what it is.

Editors, page editors, section writers — all of these creative students brilliantly execute stories and ideas that collectively produce a finished newspaper that sparks the interest and curiosity of all of us. The Despatch gives each MDS student a chance to become intuitively connected with the activities and spirit that makes our school such a mixed bag of opportunity and personalities.

As its very dedicated, hard-working advisor, Mrs. Mary Frances Peery has been a true blessing to the Despatch. Under her leadership, the newspaper has grown in capability

and class as it gains new members each year. Mrs. Peery has never failed to be the guiding hand our writers have needed in times of total frustration and hopelessness. I think that each member of the Despatch can honestly appreciate Mrs. Peery's suggestions — especially within the panicky days just before a deadline.

We pride our newspaper staff so much because it shows each member of MDS how the accomplishments and personalities of every one of its students adds to its uniqueness. Those that seem to go unspoken are "adopted" by the Despatch and fully celebrated. For its future years, MDS can look to the newspaper for unification, entertainment, and, for the teachers, one day on campus when every classroom is immersed in it reading — and QUIET!

A SENSE OF COMPETITION

Mt. de Sales prides itself on the reputation of having a strong academic program. This program enables students to reach the highest educational standards, and it also allows those who excel in knowledge to gather together in order to compete. The Science Bowl, Academic Bowl, and Math teams are well representative branches of this academy. They consist of those students who wish to excel in academics, and who also wish to take on the challenge of competition. The Math team, headed by Mr. Merman, has competed in several meets. The GML (Georgia Mathematics League) is taken once a month in order to place our top math students up against archrival schools. The Academic

Bowl, headed by Mr. Mclachlan is really just one big trivial pursuit game. At the beginning of the year, this team took first place in the skill of general knowledge in a tournament at Macon College, thus enabling them to compete at State. The Science Bowl, which has had limited success this year, is headed up by Mr. Mclachlan. In the fall, this team competed in a written test and finished third place. Since then, they have competed in several meets, but all against tough opponents. All in all, these teams have succeeded in continuing the tradition of Mt. de Sales excellence.

Rick Sizemore, Al Faulk, Kevin McTier, and Jennifer Kim proudly show off their first place win from Stratford's fal debate tournament.

The 1990-91 debate team competed in several tournaments during the season, which began in October and lasted until the end of January. Members of the team were juniors Jennifer Kim, Alice Fry, and Anne Claxton; sophomores David Skinner, Laura Nackashi, Ben Wills, Rick Sizemore, Al Faulk, James Buckley, and Kevin McTier; and freshman Melanie Union. Debaters performed admirably, arguing the topic of increased space exploration. This topic provided for very interesting debate rounds, allowing team members to debate over such issues as the possibility of aliens overtaking the earth or the feasibility of new programs supervised by NASA.

The Varsity team of David and Ben affirmative, and Laura and Anne negative, won first place at the region competition held in January. Individual recognition was awarded to David, who received the third place speaker award, and Anne, who won the first place

speaker award. This four-man team advanced to the state tournament at West Georgia College, where they again demonstrated a fine performance.

The Mount de Sales Model United Nations delegation, consisting of students from the Foreign Relations class, represented the nations of Israel and South Africa at a Model U.N. held at Wesleyan College on March 8. The Model U.N. was divided into two sessions, one in the morning and another during the afternoon. For the morning session, students formed various committees to argue submitted resolutions regarding such topics as international law, the environment, and social concerns. A General Assembly was held in the afternoon. Selected resolutions were discussed and voted upon during this session. From the day's activities, MDS students gained much knowledge about the insight into international politics.

Susan Wills and Anne Claxton receive valuable information from Mr. Dock-rell about Model U.N.

Greg Staples does some deep thinking at the Model U.N.

Mrs. Jane Claxton asks two of our essay hopefuls if they have any "questions, problems, miseries?"

Drama, The Theatre . . . When most people think of an actor, they envision a shadowy figure draped in black who drifts through life on his own little cloud, searching for life's "deeper meaning and subtext." At Mt. de Sales, however, theatrical aspirants seem a little more sedate and normal. Nevertheless, they are a very talented bunch. This fall, the drama troupe took a one-act, And They Dance Real Slow in Jackson, to competition, where it won first in the region and second in the state. Later in the spring, a powerful courtroom drama, Twelve Angry Men, premiered over a dozen of MDS's most talented thespians. Although "the season" for next year has not yet been selected, MDS can certainly expect another sucessful year for its Drama Club under the direction of Mr. Jim Crisp. Meanwhile, the participants themselves can expect another two-three months of grueling rehearsals, pages of lines to learn, back-stage butterflies and warm sensations as the applause envelop them.

Throughout its existence at MDS, literary competition has been more than successful. In fact, our literary team is one of the state's finest, setting the pace for other schools to follow. Organized and headed up by Mrs. Jane Claxton, this team is comprised of many hard working and determined members. Those who competed in the region and state competition were chosen on Literary Day. Some areas of competition included: Essay, spelling, oral interp., extemporaneous speaking, singing and piano. The winners then proceeded to region, taking home the first place trophy, and then went to state finishing second. All in all, literary competition in the GISA has improved measureably. However, the Mt. de Sales literary team has always been one of the finest, and will continue to compete in an outstanding fashion.

Joining our long-standing chapter of the National Honor Society this year are three newly chartered honor societies. MDS has been awarded the first National Art Honor Society charter in Middle Georgia. This charter simply enhances the pride we all feel in our new art department which offers courses in drawing, graphics, painting, printmaking, clay, and photography; our well-equipped art classroom; and our art teacher, Mrs. Diane Mead. This society gives recognition to those creative students who find expression and identity through art and also offers them an opportunity for providing community service. Mr. Terrence Mermann, Guidance Director, also assists in advising this group.

Candlelight induction ceremonies held in the school library during the evening of May 17, established new chapters of the national French and Spanish Honor Societies at Mt. de Sales. The purpose of the Societe Honoraire de Francais and the Sociedad Honoraria Hispanica is to honor outstanding French and Spanish students and to promote the advanced study of these languages. Mrs. Skin-

ner and Mrs. Fry are faculty moderators for the societies.

As the new societies honor excellence in art and foreign language study, the National Honor Society induction service in May continued its annual recognition of those MDS students who exhibit excellence in character, scholarship, leadership, and service. National Honor Society members continue to show their willingness to serve the school — both faculty and students. Mr. Michael Vullo advises this group.

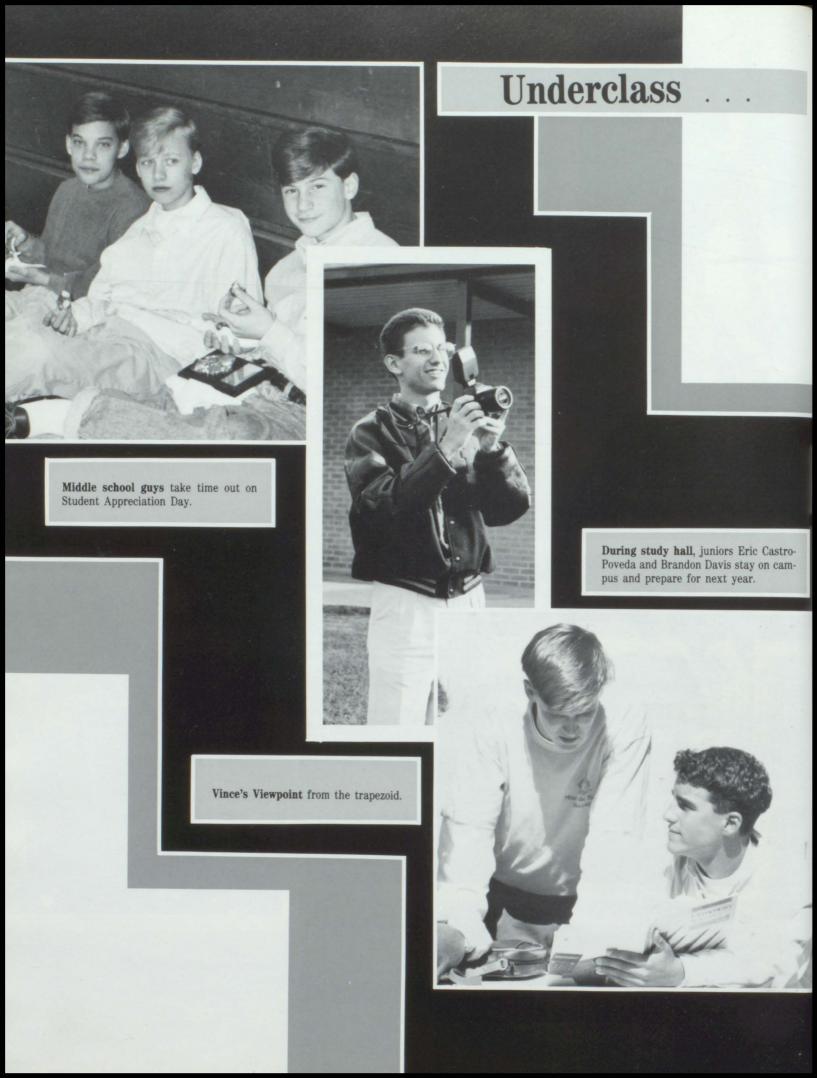

And finally, although it is not an "honor society" per se, Mt. de Sales organized this year a new group of competitors. Sponsored by the Close Up Foundation, an independent organization established to encourage a better understanding of our government, we fielded our first Citizen Bee team. We brought home honors, too. After winning third place in our Citizen Bee region, which is made up of private and public high schools, Vince LaVecchia represented MDS at the state level. Sr. Helen is the moderator and coach.

The privileged, the proud, the Juniors, Class of '92, have ascended the scholastic hierarchy over the past three years to reach the upper ranks. One of the benefits of this ascension (besides being a 'Jammin Junior' of course) is on-campus privileges. This gave many students a chance to complete homework assignments, study, or talk with fellow classmates. For Juniors this was a new and refreshing taste of freedom, respect, and responsibility.

One of the highlights of this year was preparing the Jr.-Sr. Creative minds met and pooled ideas. "Enchantment Under The Sea" was chosen as this year's theme.

Then the fun began. Members of the Junior class met during the weekends for several intense hours of work. Amidst uncertainty over the band and debates over the prom's colors, was fun, much laughter, and many HRS jokes. The successful unification of the class was as important as the success of the prom itself.

As we look back on our tenth grade year, we especial remember our homeroom teachers. Mrs. Reichert read deep Anthony de Milo stories faithfully every morning giving us a bit of wisdom to help us through the day. It strong desire for peace will always be associated with a irrepressible U.S. history teacher: Sister Helen. M. Reeves will be fondly recalled for her warm smile, subtle winks, and her unending notes. Mrs. Weston's matched spirit for the sophomore class will probably remembered most of all. The sophomore year is probably not the most exciting year for high school students. It is a year that deals more with emotion than activity. The student is no longer a ninth grader and is now free to indulge in the tradition of "freshmen bashing." There's a sense of superiority that comes with having a year of high school under one's belt. Most sophmores experience, also, a feeling of envy for the upperclassman, who can boast of free periods, off-campus privileges, as well as the infamous Junior-Senior. There is also the humbling fact that Juniors and Seniors have already passed the halfway mark while the sophomore is faced with two more long years.

The soccer team entered the 1990 season with high hopes and expectations. Never before did Mt. de Sales have so many players with so much talent. The depth of the team, along with a strong desire for victory, drove the Cavaliers to their best season ever. Going undefeated during the regular season, the team won yet another region championship. Six players made the All-Region team: Marc Hamann, Nigel Pierce, David Spisso, Ben Whitaker, Walt Yarbrough, and Mychal Epps. Marc, David, and Ben also made the All-State team.

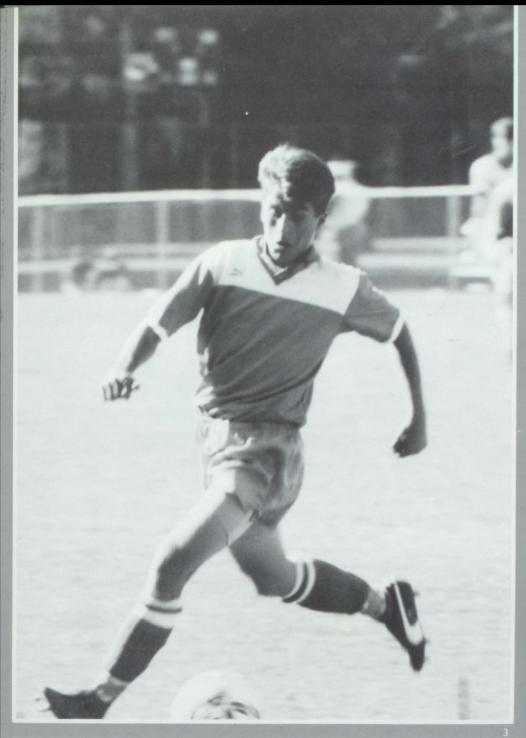

Entering the State Championship as the favorite, the soccer team defeated long-time rival Frederica for the first time ever. Coach Dattilo said of the game, "It was a moment of great jubilation! It was a very significant accomplishment for the whole team." In the finals of the championship, the team lost an agonizing game that was decided in the end by penalty kicks.

The Cavaliers were coached by Mr. John Dattilo along with Mr. Gary Musolf and Dr. Robert Wright.

The end of this year's football season marked the end of a legendary era for Mt. de Sales. Coach Mike Garvin, after twenty-four years at the helm of the Cavaliers, stepped down as head coach.

This year's season was one marked by determination, desire, accomplishments, and disappointments. Though by the 5-6 record, this year did not seem like a success, the team fought hard to the end of every game. The season got started on a good note with an early victory over crosstown rival First Presbyterian. Throughout the year, the Cavaliers played tough games against teams that outweighed them in size but not motivation. The team fought for a bid in the playoffs, but were eventually defeated. This year six players were named to the All-Region team: Chris Hatcher, Mike Hull, Jason Cowan, Windell Rutherford, Millard Vining, and David Spisso. Chris Hatcher was also named to the All-State team. "It was a difficult and frustrating year because we didn't achieve our goals. But it was a great experience playing for MDS and Coach Garvin in his last year," said senior, Shayne Myhand.

As an era of Cavalier football comes to an end, we sadly say goodbye to the departing seniors and wish Coach Garvin success in all his future endeavors.

This season brought several changes to the Mount de Sales football program. Instead of having "B" and "C" teams, The coaches merged the seventh, eighth, and ninth grades into one junior varsity team.

This year's team proved to be a hard working one. The players showed a lot of determination towards developing themselves into strong varsity players. The team was coached by Tony Pierce, who was assisted by Paul Midkiff. When asked what the highlight of the season was, Coach Pierce responded quickly, "Without a doubt, it was the victory over Stratford."

The team compiled a 2-3 record. beating Windsor and Stratford. A lot of progress was made strenghthening the varsity program. Mount de Sales can look forward to having experienced and determined players in the years to come.

"Our goal this season was to improve each game, and they did that." This was the comment Coach Lynn Hatcher gave when asked about her B-team softball season. This was a really young team, the majority being seventh graders. Their record this season was 3-9, but this record does not show the potential the girls have according to Coach Hatcher. "There's a lot of potential on that team and in the next few years I am expecting it to come out. We ended the season on a good note with a win against FPD who had beaten us twice in previous games." Coach Hatcher could not say enough good things about this team.

The softball team got off to an exceptional start this year as it took second place in the Windsor preseason tournament. The hopes for another successful season skyrocketed as the Lady Cavs also swept their first two double-headers against FPD and Monroe. The girls did have a great year, reaching a record of 7-4, but they were eventually knocked out of the state tournament by Pinewood Christian.

The team was coached by Mr. Chester Pierce, and aided by Mr. Joe McGhee. Coach Pierce spoke about the team, "I feel that the girls did an excellent job of representing the school." Giving her views of the season, senior, Jenny Filush said, "We started off really, really well, getting twenty wins early on. We played hard, but ended up with the short end of the stick."

The team's success is shown in its five All-Region players: Jennifer Joyner, Leslie Weston, Katherine Hatcher, Beth Shelby, and Amy Hayslip. Beth and Amy also received All-State honors. Congratulations to the girls for a fine season!

The Heart of the Spirit

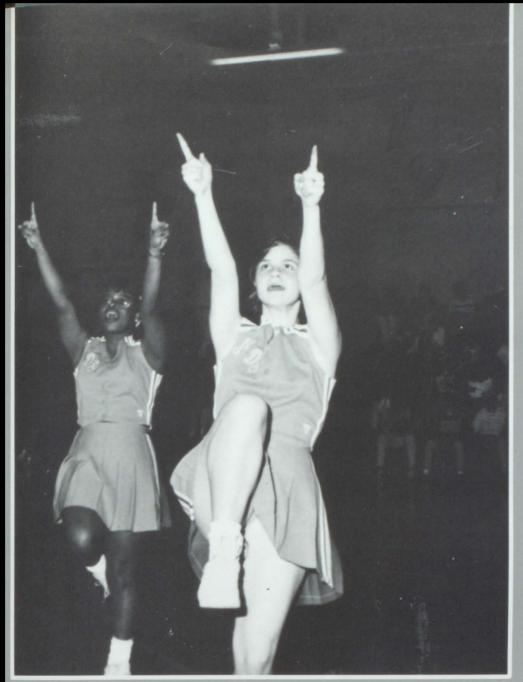

"This year's squad had real skill that was equally distributed," was what captain, Bridgett Bailey, said. The squad consisted of ten hard-working, dedicated, and spirited young ladies. "We worked together, had a lot of fun, and everyone contributed," were among the comments made by seniors, Amy Henderson and Bridgett Bailey. This squad was picked in the spring of 1990 and has continously worked through this spring of 1991. The girls attended summer camp where they received many awards. They then held a camp of their own for the B-team cheerlead-

Following the camps came the beginning of school, and with it football and soccer season. Pep rallies, skits, and caravans were among their duties. After football and soccer season, it was on to basketball. Amy Henderson sums up how much the girls gave of themselves. "In the past I thought the squads were good and really close, but this year was the closest since I have been on the squads." This year's squad were the heart amd soul of the spirit that was evident at all of our games this year.

The B-team cheerleading squad this year was composed of four sophomores and six freshmen, of these only three had previous experience. "We had a very young squad and the year required much practice and hard work. The girls all improved 100% by the end of the year." This was the statement made by Mrs. Reeves, the coach of the B-team cheerleaders. Captain, Courtney Carey added, "We worked together and became a real squad." The B-team cheerleaders attended a camp held by the Varsity cheerleaders, cheered for the B-team sports, and helped the Varsity out by cheering at the soccer games as well.

The 1990-91 Lady Cavaliers basketball team had an upbeat season, marked by improvement and new found team unity. Freshman, Melanie Koch, said, "I think we came together as a team and played as one on the court." The highlights of the season were defeating long-time rivals Brentwood and the region champion Tattnall Square Academy. "I think this year's team set new standards for Mount de Sales girl's basketball. There was a lot of aggressiveness and intensity," said senior, Jenny Filush.

The team was coached by Tony Pierce, who was assisted by Coach Lynn Hatcher and Coach Randy Davis. Dee Dee Redding was selected to the All-Region team. Jenny Filush, Jennifer Brack, Katherine Hatcher, and Leslie Weston received honorable mention. If this season was any indication, the future of Mount de Sales girls basketball looks really bright.

Hard work, dedication, and love for the sport made the 1990-91 B-team girls exceptional. There were tough times during the season, but with team effort, team spirit, and that true craving for victory, the team had an outstanding season. The girls finished with a record of 13-2, losing only to Tattnall Square Academy and Stratford. The girls were coached by Lynn Hatcher, who was assisted by Coach Tony Pierce.

The girls worked hard all year. They improved their individual and team skills. Many great things are expected to surface next year with this group of true Cavalier winners.

The 1990-91 girls basketball C-team was very young and inexperienced. Throughout the season, however, the girls worked on individual skills and learned how to play as a team. They played some very challenging games. Defense was the team's strongest area, and their offense improved throughout the year. For a young team they did very well.

This year the team was coached by Randy Davis. Mount de Sales basketball can look forward to a good group of hard-working girls who have the potential for greatness.

One Rowdy Season

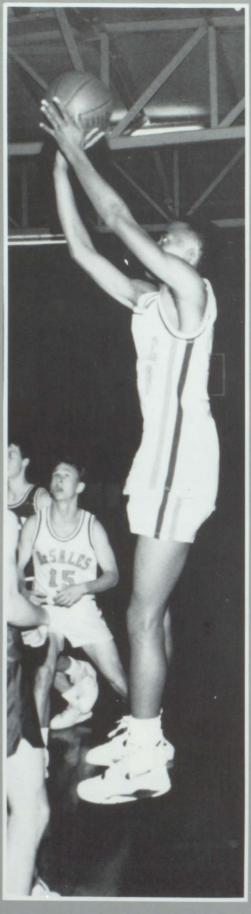

This year's basketball season was a memorable one for players, coaches, and students. The team played well throughout the season and showed signs of excellence in the coming years.

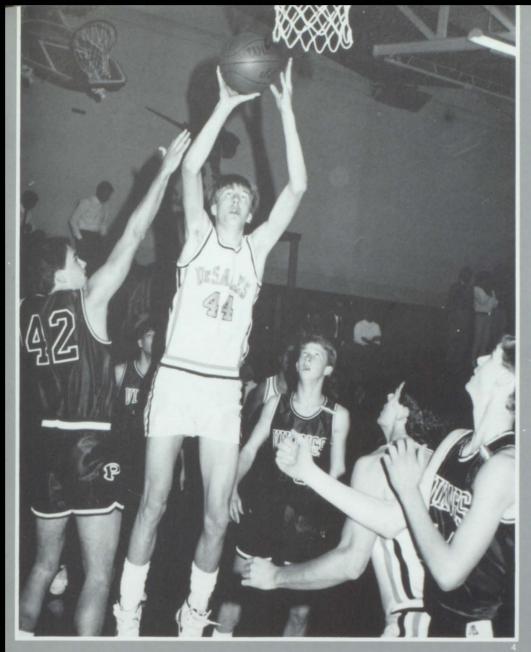

Going into the season with a young team, Coach Robert Slocum did not quite know what to expect. The team began the season slowly, but gained confidence as they played. In McAuley Hall — newly dubbed "The Terrordome" by the infamous Robert's Rowdies — the Cavs were almost unbeatable.

The team played well in a difficult region. In the region tournament, they nearly defeated the defending champions, the Tattnall Trojans, in a game that went into overtime.

When asked what he felt the team accomplished this year, Coach Slocum remarked, "Everyone got a lot of experience this year, and that's something you just can't teach." The team ended the season with a record of 14-11. Jason Cowan, Chris Hatcher, and Sam Jolley made the All-Region team. Hopefully, the team will use the experience gained this year to make next season even more outstanding.

This year's boys basketball B-team made a lot of progress toward strenghthening themselves for varsity play. Each player developed his individual skills and his team work.

Many of the players felt good about how the team developed during the season. "Our record doesn't tell the whole story about the season. We all got a lot of experience and got ready for next year," said sophomore, Mark Devenney.

The team was coached by Chester Pierce. Though they finished the season with a 3-7 record, everyone enjoyed the season and became a better basketball player. This hard-working team has the potential to bring Mount de Sales basketball to a new level.

When asked to describe track in two words or less, this was said by track team members. Fun, hard work, exciting, pain, nervousness, laughter, sorrow, and finally, victory. All of these words can as easily describe each individual track meet as well. This is so because unlike other sports, track is composed of many different events. So while the long jump team might lose, the triple jump may win or vice-versa.

Earlier the word "victory" was mentioned. This season was full of victories for the boy's and girl's track team. The boys placed fourth in the region, while the girls placed second. Many members of both teams made it to the state track meet.

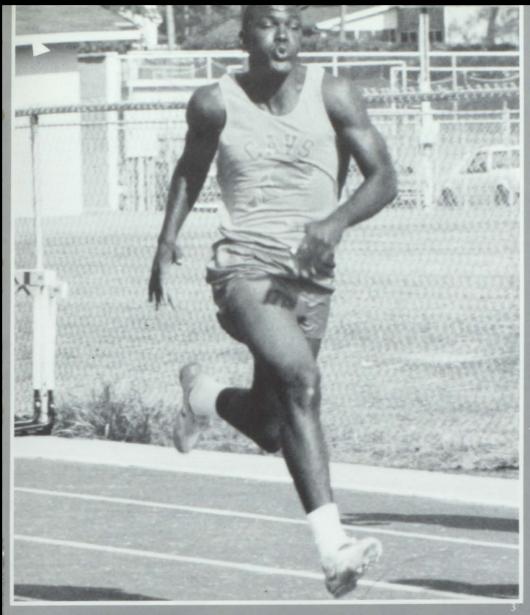

This year the girls were coached by Lynn Hatcher; Coach Garvin led the boys. Strong coaches are always a big plus to the abilities and morale of teams. This year we had two strong coaches who brought some very fine athletes to the state competiton.

The 1991 tennis season opened up in an unusual way. Two new coaches were at the helm of the teams, which consisted of several experienced seniors. Coach Midkiff, who had been assistant coach last year, coached the boy's team as Miss Little worked with the girls.

The girls finished the season with a 4-6 record. Giving her views on the season, Miss Little said, "If anything, we learned how important it is to work together — not just in practice, but also in matches." The boys won the region championship with a 5-3 record. "We made steady improvement all season," said Coach Midkiff, "but we are losing three seniors. We'll have our work cutout for us next year."

The members of the boy's team who qualified for the state tournament were defeated in the first round, while the girls who qualified made it to the second round. Senior, Heather Rouse, gave her views of the season, "There was a lot more improvement in the team itself. We worked harder and wanted it more."

Five seniors in all are graduating — leaving some uncertainty about next year. The younger members of the team are confident, however, and Coach Midkiff and Miss Little are looking forward to next year's challenge.

High goals and expectations marked the beginning of the 1991 baseball season. Giving his views early in the season, senior, Jason Cowan, said, "We've got the best team in the state."

The season had several highlights, including a 21-7 rout over Stratford. Another big game was the home field victory over Tattnall that put the team in a tie for first place. Losing a playoff game to Tattnall, the team finished in second place in the region. Entering the state tournament, they defeated Deerfield-Windsor in the first round. In the second round the team lost to the eventual state champions, Southland.

The team was headed by Coach Chester Pierce, who was assisted by Coach Tony Pierce and Mr. Ted Shipp. Todd Robinson received honorable mention All-Region honors. Chris Hatcher, Jason Cowan, Thomas Williams, Lamonte Askew, Darren Davidson, and Danny Camp were selected to the All-Region team.

The team made steady improvement throughout the year. Many of the younger players showed promise for the future. Congratulations to the team for a tremendous season.

The Golf team began this season with a few simple, realistic goals. The team wanted to improve their scores and be able to contend with other teams. Senior, Billy Daniel, spoke about the season, "The whole team improved. We felt like we could contend with other schools. We usually only lost by a few strokes." The team qualified for the state tournament by placing fourth in the region. Though they compiled a 2-6 record, they placed a respective ninth in the state tournament. "We shot lower scores this year," said Coach Randy Davis. "Though we improved, our players need to work on the mental aspect of the game." This year's team was young, having only one senior. With some hard work in the off season, this team is capable of great things.

Bank South Service

Our first name is Bank, but our family name is South.

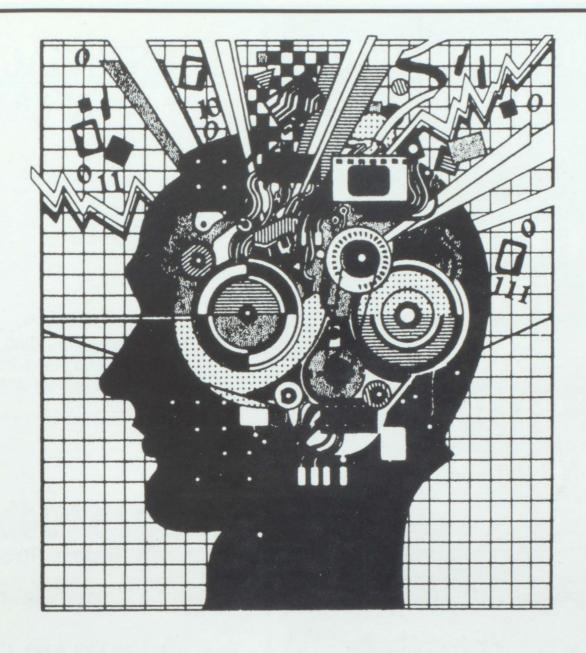

At Bank South, we have a simple philosophy—to treat each of our customers with the special attention and service that will make them feel right at home with us—like part of the family.

If you're looking for a little more attention and personal service from your bank, you'll find there

is a lot to like about us. After all, our first name is Bank, but our family name is South.

That's what I like about Ballik South.

Come home to a Southern Tradition.

Weatherby Plantation's rolling landscape and towering oaks take you back to an era gone by — a time when gracious southern plantations reigned and the lands' generosity never failed those who respected it. Adapted to todays standards. Weatherby Plantation offers underground utilities, wooded lots ranging in size from 1-5 acres and a location that is central to both public and private schools as well as major shopping areas. Weatherby's entrance offers

those who pass through it promise of a residential development with warmth and dignity. Come see us this spring when the azaleas and dogwoods are in bloom and walk along our cobbled drives and bridges and under the spanish moss. We hope you'll agree with us, that it's like stepping back in time — only better.

Study halls been great. I'm glad you got to experience your first wreck with me. You are the only person who would listen to me when I needed a friend to talk to. I know the underclassmen in our study hall thought we were major pigs, especially when we ate that huge bag of cheese popcorn. Keep partying and have fun at college. Come and visit me sometimes. We have also had some great conversations in photography, mainly picking on Todd. Thanks for all you've done for me and being a true friend. We Made It !!!

Farhvegnugan (Chip) -

I'm just J/K about the name, you're not a farhvegnugan (most of the time!). Hamlet was a great movie, wasn't it? NOAH! I don't think I would have survived Math IV if it hadn't been for you. I apologize for all the times I had an attitude — although you weren't exactly the most pleasant person yourself all the time either. Thanks for being a great friend these past four years (especially this past year). Don't ever forget me (as if you could !) and don't go killing anymore "birds" - 0.K.?

Kristen

Punch-bug! Gotcha!

I think you're more excited about college than I am! Two summers ago, my life changed and it's because of you! When I'm gone, never, ever forget our great memories! St. Patrick's Day, Panama City, dumb jokes, Jimmy Buffet, Atlanta, M.K., Patrick Smith, the lamp with grapes, me falling at the beach, you falling down the mountain (M's), Mercer, Ray's & the dancing ranchers, and best of all, R&R (WOW! that car scared me!!) I'll miss you more than words can say.

ILY-Skippee

(Isn't that a fat name?) It's hard to say where it all began. I suppose. Over Christmas holidays when we hung around with Evary (& of course drank lots of coffee) or perhaps with that painkiller conversation ("what the . am I sayiing.") The past two years have been the best

ones of my life mainly because of you. You are such a

special person, one I can always depend on. Remember, the R.E.M. cosmic concert, Grandman's, 6-Flags ("Are you crazy?"), 5 more minutes (Moody Standard Time) & New Year's Eve among many other fond memories. I could say much more but, most importantly thank you for being my best friend. You mean the world to me! I LOVE YOU ALWAYS!

Kathy(a.k.a. "Kath" or "Kate") -

Well, Kathryn, despite maintaining the world record for the most absences and for tardies, we finally made it. Three years seemed too long, yet not long enough. I'll remember you always, along with the bun ladies, the midnight talks, macaroni memories, JON BON JOVI, mile long blood spots, the disasters you saved me from (one March night in particular), car races down Emory Highway, and the incredible friendship and love. We've come along way together, sis, and we've got so much further to go together.

It has been my pleasure to feed you guys. Conversation would have been non-existent if it weren't for our "Nosey Neighbors." Remember the food thief? Behave and always remember the good ole times.

We finally graduated! Miracles never cease. I'm not going to get all emotional right now and as I've said before — "a good-bye I'll never say." I've got a bookmark for May 21, 1991, but I also have many more pages to be written upon . . . Just remember — though we may be miles apart, I'm only 7 digits away. Love You Christie

Carolyn

We've had good times, but now you're driving and I feel kinda old. Your Junior year will be as good as mine was, I'm sure. Take care and have lots of fun. Love you.

To my dear friend Marla -

What can I say to someone who is my greates friend? Remember Hilton Head, Ask a Nurse, 18th Birthday, the cooler full of Pepsi, the great heart to heart talks, Pey-Pey — I could go on forever! Thanks for your friendship may it continue forever . . .

I Love You! Alskin

Tarver Joiner -

You have a special place in my heart. I wish you the best of luck with everything you do! Don't ever forget me. Always keep in touch!

I Love you! Alison

Jason -

Words cannot describe what you mean to me. As I look back through these last four years together, I seriously wonder if I could have made it without you. I could write some important memories down here on paper but so many are so important and so unforgettable that they would fill up these page. So, I guess that the one thing that I want to be written here for all time is that I love you and true love lasts forever.

Amy

Shayne -

Thanks for the laughs and for listening to all my problems. You've become a really great friend. Hope to see you in South Bend. Don't forget the MDS wrecking crew. Matt

Mrs. Bentley and All Varsity Cheerleaders

My Senior year couldn't have been better! I enjoyed being on a squad with not only great cheerleaders, but also with people who cared about each other. Here are just some fun times to remember:camp, soccer, football, basketball, St.Simons, Rita: "Read my mind?!", "I minute left on the clock!" bus gossip, our stuntmen, pizza and ice tea, and Melonie and Meg: "ANYWAY!", I'll miss you, but remember we'll never be apart 'cause I'll always have a cheer in my heart!

Just wanted to tell you to make the best of your school years at MDS because high school is fun, and you may never experience anything like it. You, however, have to balance playtime and study time; you better make good grades and listen to mom and dad. Also, take good care of Leigh while she is at school there. Remember that as you get older, you have more responsibilities.

Your brother, Bert

Alison -

Don't ever forget those great times we had! Be careful with your neck and I have some montie you can borrow if you need it. S and BH dude! Hilton Head tags(the curse), the canoe, some serious L action, Pepsi I promise. I love you forever and ever!

Well, we have been really good friends for about 2 years. If it wasn't for Statistics we would really be lost around each other. Oh! by the way, the roach trick in my seat was not very amusing and don't worry I will wait for you before I ho to Coach Davis' room. Also, don't be mad about Adv. Bio. test grades because we passed. Well, you will have to come to Oxford next year and I'll come to Auburn.

Tammy and Becky -

Tammy — We have really had some great times together and we have been great friends for almost 4 years. We have only gotten into a few minor disagreements and we

always worked them out. Don't forget the times we have gotten in at 3:30 and even later with mom asking 100 questions and us not being able to answer them. Remember 90 mph down 247 - almost swipping the Mazda truck at Mercer - Hardee's in Warner Robins - Del Taco after Street Party '90 - your dad on the couch whipping the window w/ your shirt and then wondering why your shirt was dirty - no house key and I'm sure we'll have some memories after Spring Break!!

Becky - You are such a paranoid person, but next year at college I am sure you will change. So roommate, I just want you to know you have been a great friend and we have had some really good times together and I am sure we will have lots of fun next year at college. Remember your eye after Amy's party — I am sorry you sat in my drive way until 5:30 — don't forget getting rated by the guys at Oxford. We'll hopefully go to Myrtle Beach this summer and have a blast.

We have known each other since 9th Grade, but it feels like a lifetime. I think we know more about each other than anyone else could ever have. We have helped each other through our many breakups with our ball & chains. We always had a great time, don't you agree. Remember the first time you spent the night in W.R. and my dirty shirt we noticed when we finally got in the window. Joe's house, when you took a tumble and didn't feel a thing. Even though you are going away to school we won't lose touch, you will always be my very special friend.

Becky

Well I have known you since 1st grade, but only since 10th we have been good friends. Remember Myrtle Beach the summer before 12th grade. We had a ball. Remember "I LOVE YOU" and "Would you believe me if I told you that you were the prettiest girl I ever saw! Of course we would. It was a blast, we have to do it again. Remember, your paranoid tendencies, that gave us all a laugh. Anyways, lets keep in touch.
